

# NEED A BETTER TWINE FOR YOUR HD BALER?

If you push yourself and your HD baler to the max, but your twine hasn't lived up to its claim, then it's time you try Maxxcord™!

## MAXXCORD®

## NEW HIGH-PERFORMANCE TWINE FOR ALL HD BALERS

- > *Knotter-friendly for trouble free tying*
- > *Less damage and abrasion to the knotters*
- > *Perfectly formed, high integrity knots that won't slip or break*

### MAXXCORD® - DARE TO BALE WITH ULTIMATE STRENGTH

- > **Maxxcord®** is made with next generation Knot-Tec™ technology producing compact strength without the bulk that causes knotter problems.
- > **Maxxcord®** runs smoothly in **ALL HD** balers, with superior knot integrity - it holds the heaviest, densest bales without problems
- > **Maxxcord®** has *field-proven* performance of 600 pound knot strength, that is just not a number

 **THINNER**  **STRONGER**  **SMOTHER**  **LESS ABRASIVE**

MAXXCORD® - THE WORLD'S MOST ADVANCED TWINE FOR HD BALERS
